NO.SO(Pol-I)1-28(B)/2020/8235-49
GOVERNMENT OF BALOCHISTAN
HOME & TRIBAL AFFAIRS DEPARTMENT

Quetta, the 12th May, 2020.

To

- i. The Inspector General of Police,
Balochistan.
- ii. All the Commissioners,
in Balochistan.

Subject: - BAN ON ALL TYPES OF RELEGIOUS PROCESSIONS

I am directed to refer to and to state that Yaum e Ali is being celebrated on 21st Ramadhan (15th May, 2020) throughout the Province. Owing to COVID - 19 crisis, the Government of Balochistan has already imposed ban on all types of religious procession vide this Department's NO.SO(Judl:)8(31)2020/1071-1091/ dated 4th May, 2020. Moreover, the Federal Government has also directed all the Provincial Governments not to permit for any religious processions.

2. Therefore, all concerned are required to engage with Ulemas of Ehl e Tashi and apprise them about the escalating ratio of COVID - 19 cases so that processions on Yaum e Ali could be avoided.

The matter may be treated as most important and urgent.

SECTION OFFICER (ADMN)

87/5/2020

GOVERNMENT OF KHYBER PAKHTUNKHWA
HEALTH DEPARTMENT

Dated, Peshawar the 29th April, 2020

NOTIFICATION

NO. E&A (Health)/2-264/2020.

The Competent Authority in Health Department is pleased to notify the following Revised Policy on Testing for COVID-19:

Revised Policy on Testing for COVID-19

Over the last 45 days, the Government of Khyber Pakhtunkhwa has built up testing capacity from scratch to around 1500 tests per day. With the on-boarding of several private sector providers to assist the Government, these capacities will more than double by the beginning of May.

To more successfully manage the spread of the disease, the Khyber Pakhtunkhwa Government intends to use this capacity, by rapidly scaling up testing. Until now, testing has focused on symptomatic patients and travelers, in accordance with the National Policy, but with the spread of the disease, this limited selection of whom to test is not sufficient.

In short, we need to test more.

The Government will therefore periodically issue guidelines to scale up the level of testing. In the very-short term, within May, we intend to double the number of tests conducted, to over 2000 per day, by testing more contacts. Beyond May, we may aggressively ramp up to a much larger number of tests, between 5000 and 10,000 per day, once logistics are worked out.

The guidelines below, which may be periodically updated, should serve as a guide for whom to test within districts.

1. **Healthcare & Frontline Workers:** Any Healthcare worker or any other front line personnel involved in the COVID-19 response in any capacity deemed to be at risk from the disease, either through close contact with COVID-19 patient (even without symptoms), or with COVID-19 symptoms. These individuals will be the first priority for COVID-19 testing, and shall not be denied a test. Samples should be tagged **H**.
2. **Contacts of a COVID19 Patient:**
 - a. **Household contacts:** If there are less than 5 members in the house the testing protocol is to test *all of them*. If there are more than 5 members, test the 5 ones who are at the higher age side or with co morbidities and must be tagged as **CT1** samples (Annexure).
 - b. **Outside Home/Household Contacts:** All close contacts that satisfy the definition of a close contact (Annexure) should be tested and shall be labeled as **CT 2**.
 - c. **Institutional Screening:** If a positive case has been reported within an institution, the policy implies that whoever within the organization is deemed at risk must be tested and shall be labeled as **CT 3**.
3. **Community Based Surveillance Sampling:** If community based surveillance (i.e. people within the vicinity of a case, but without known contact history) in an area with a known case or known cases is deemed necessary, a community based surveillance campaign may be carried out, and samples shall be tagged as **CS 1** for further testing.
4. **Public Dealing Personnel:** Any person with suggestive symptoms who is engaged in public dealing e.g. shopkeepers, bank tellers, transport service employees, Law Enforcing Agencies personnel should be tested. Tag as **P**.

**GOVERNMENT OF KHYBER PAKHTUNKHWA
HEALTH DEPARTMENT**

5. **Pneumonia:** Person with pneumonia of unknown aetiology should be tested. Tag as **I**
6. **Unexplained Deaths:** Sampling of all the unexplained deaths is preferred for the purpose of further surveillance and disease spread control. Tag as **D**
7. Any other list shared by Provincial/National authorities for testing shall be tested. Tag as **CS 2**
8. Any person **referred by a Physician/Specialist/Consultant** based on clinical grounds should be tested. Tag as **C**
9. For **in bound flights passengers**, all passengers should be tested after 48 hours of landing and tagged as **E**.
10. For all **follow up testing** for clearance of an already confirmed COVID-19 Patient tag as **R**.
