

Irfan Iqbal Sheikh
President FPCCI

"I have always been of the opinion that economic prosperity would remain a dream unless and until all the Pakistanis, irrespective of their status, play their constructive role. Pakistan at the moment is facing the challenges on almost all the fronts of doing business, while in the present scenario the role of the business community has become even more important. You all are encouraged to get united under one umbrella of BMP and face the challenges of doing business in the turbulent times."

High Profile Projects

API Ventures Pvt. Ltd

Developing a high profile project related to pharmaceuticals under the name of API Ventures Pvt. Ltd. This project would help curtail the import of the basic salts used in medicines by manufacturing it locally, helping the economy and health sector of Pakistan.

Alfatah E-Mall

This project is under construction, in the heart of the city adjacent to Hafeez centre, Gulberg Lahore. It is a 23 storey high rise building dedicated to commercial activities related to electronics e.g. computers and mobile phones, highly equipped and modernized corporate offices.

Zubaida Agriculture and Dairy Farms

These farms spread over almost 200 acres in Bhera, Sargodha District. Currently working with a Chinese company on a joint venture bringing latest agriculture practices such as drip irrigation, vertical farming and tunnel farming to Pakistan.

Cementing ties and boosting Mutual trade

Helped Pakistan to strive and establish stronger, better understanding an unflinching relationship with China, Russia and Central Asian States, in various spheres of business activities. We always worked for the export promotion and initiated several governmental level meetings to help the exporters to maintain the balance of trade in such harsh times like Corona days.
